FREQUENTLY ASKED QUESTIONS ASKED ABOUT ARCHITECTURAL REVIEW COMMITTEE (ARC) PROCEDURES

WHAT IS THE PURPOSE OF THE ARC?

The purpose of the ARC is to maintain property values by protecting the environmental and architectural integrity of the Subdivision in accordance with the provisions of the Declaration. Most covenants state that no building, structure, or improvement of any character shall be erected, placed, added to, or altered on any lot until the building plans, specifications, and a site plan showing the location of the proposed structure or structures have been submitted to and approved by the ARC for the Association as being in compliance with the restrictions as to use, quality of workmanship and materials, nature of materials, harmony of external design and colors with existing and proposed structures, and location of improvements with respect to topography, finished grade elevation, lot boundary lines and building lines, and within the scheme and design of Declarant.

WHAT ACTION IS REQUIRED OF HOMEOWNERS, AND WHY?

A number of homeowners have already requested and been granted approve to add improvements to their property by following the procedures outlined in the Declaration of Covenants, but there are some homeowners who have expressed surprise and consternation about having to “ask permission” to improve their own property. Your subdivision was developed and made subject to a Declaration of Covenants and all homeowners become obligated to follow the terms of the Declaration when they receive the deed to their property.

Prior to making any change or improvement, any homeowner planning to change or add to the existing structure(s) on a lot must (1) submit a request in writing to the ARC stating the details of the intended change, improvement, or need for variance, and (2) attach samples or plans that clearly describe the proposed change or addition. If any change, improvement, or action in variance from the Declaration is taken prior to written approval of the ARC, the District has the right to require the homeowner to remove the improvement(s) and/or change(s) from the property.

WHAT TYPES OF ITEMS REQUIRE WRITTEN APPROVAL?

Some examples of improvements/changes requiring written approval from the ARC include, but are not limited to, the following. Refer to the Covenants for more complete details.

- Fences and walls
- Play structures / equipment
- Solar panels
- Pergolas, patio covers, or gazebos
- Patio, deck, concrete
- Exterior painting / shingle color change
- Major changes in landscaping
- Storage buildings
- Flagpoles, light fixtures
- Swimming pools
- Retaining walls / change of grade
- Satellites / antennae / vents

CAN THE ARC GRANT VARIANCES FOR CERTAIN DETAILS?

The ARC is authorized to grant selective variances for things such as location, height, number of improvements, materials, etc., but the homeowner must request this variance, giving reasons why it should be granted so that the ARC can make a reasoned decision.

WHY DO WE HAVE TO PUT EVERYTHING IN WRITING?

The formal request and approval process is necessary to assure that every homeowner’s desire to improve his or her property can be given due process without discrimination. It will also provide the homeowner, the ARC, and the Association Board with a permanent record of actions taken under the Declaration.

I understand that the District may request additional information prior to reviewing this request. ARC approval does not constitute approval of the local building or zoning department, drainage design, structural or engineering safety and/or soundness. I understand approval by the ARC shall in no way be construed as to pass judgment on the correctness of the location, structural design, suitability of water flow or drainage, location of utilities, or other qualities of the proposed Improvement being reviewed. I understand the ARC shall not make any investigation into title, ownership, easements, rights-of-way, or other rights appurtenant to property with respect to architectural or landscape requests. I agree that my failure to obtain required building or other permits/approvals will result in the withdrawal of ARC approval. I understand that the proposed improvement, if approved, will be designed and constructed to conform to the established drainage plan for my Lot and all neighboring Lots, and that no established drainage patterns will be affected by the proposed improvement.

I will not damage or alter District property at any time, and resulting damages may be repaired by the District and my responsibility to pay. Upon completion of my improvement, I hereby authorize the ARC or its delegate to enter onto my property for exterior inspection at a mutually agreed upon time, if requested. I agree that my refusal to allow inspection may result in the withdrawal of ARC approval. I understand that approval of any particular plans and specifications or design shall not be construed as a waiver of the right of the ARC to disapprove such plans and specifications, or any elements or features thereof, in the event such plans are subsequently submitted for use in any other instance. I understand that there shall be no deviations from the plans, specifications, and location approved by the ARC without prior written consent of the ARC. Any variation from the original application must be resubmitted for approval.

I further agree that if, at any time during the process, the ARC requests to enter onto the Lot or requests further information to determine if the improvement is being constructed in accordance with the approval plan and/or Covenants, I will comply with the request. I agree that my failure to comply with the request shall result in the withdrawal of ARC approval.
